## Turning Off Location Tracking

Parents have the option to turn Location tracking off at any time. Android 11 (2020) pictured here. On your Child's Android phone or tablet:

1. At the top of the Android Settings, search for "location"
  2. Tap on the first Location option
  3. Tap on Family Zone
  4. Tap App access to location
  5. Tap Deny
  6. At the top-left, tap the back arrow 4 times
  7. In the Family Zone app, login with the Parent's PIN
  8. In Settings, tap Track Location to stop alerts
