

Kids Ask for Access to a Restricted Website

Last Modified on 2021-11-23

Applies to: Premium Members' kids

Kids using: Mac, Windows, Chromebook, iOS, Android

Excludes: School managed Devices

You See “Access restricted”

If you see one of these warnings, this website looks risky for your age group.

“Access restricted”

Family Zone blocked this website.

Ask your **Parent** to allow access to this website.

"Page blocked"

Your **School** manages this Windows or Mac computer during School hours. Your **Parent** *may* be able to allow this website outside of **School**.

Ask your **School IT** or **Teacher** if you need access during School time.

Ask your **Parent** for access during Study, Play, and Sleep time.

"Content blocked"

Your **School** blocked this website.

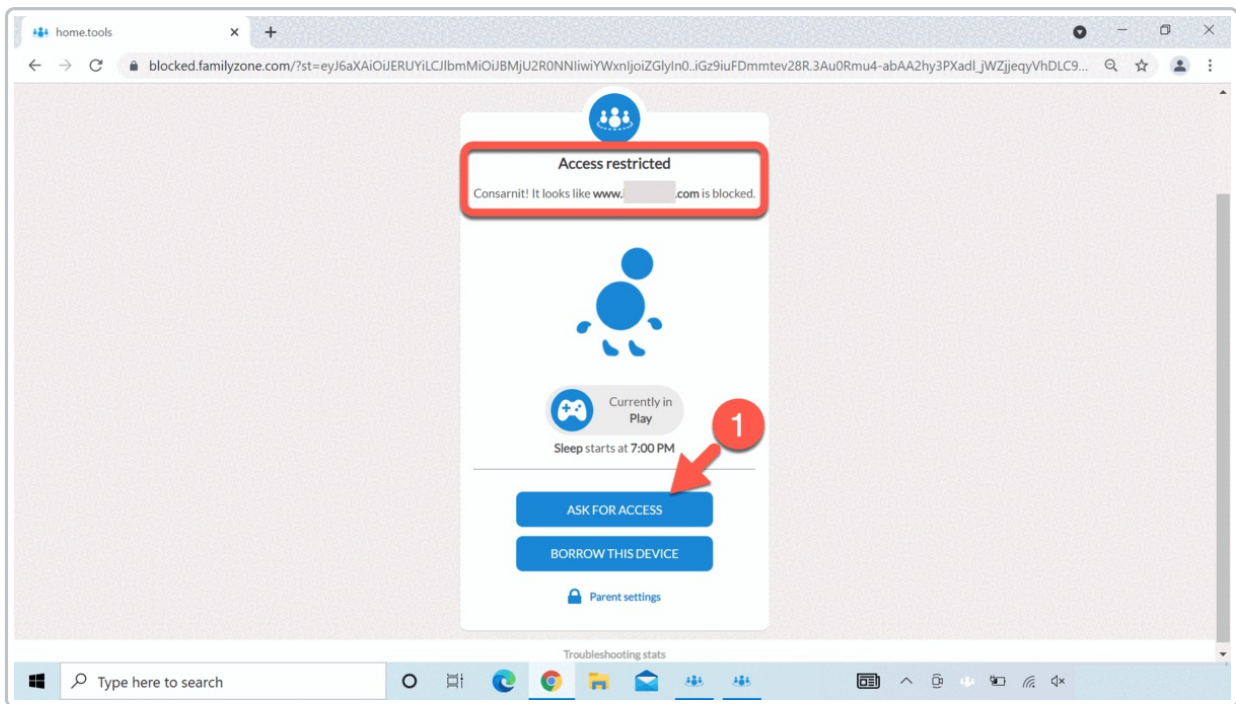

Contact your **School IT** or **Teacher** for access to the website.

Some Schools will allow a **Parent** to change the filtering access.

How to Get Access

Here is how to ask your Parent for access to this website.

From your web browser:

1. Click **ASK FOR ACCESS**
2. Let your Parent know why you want access (optional)
Click **REQUEST**
3. You will see **Access request sent**

The next step is done by your Parent. If your Parent needs help, here is how they approve your [Request for Access to the website](#).

Keep in mind, your Parent can limit access to Play, Study, School or Sleep time. You will be able to open the website during the allowed times.
